Dear Mr. Freudenthal:

This is in response to your March 15, 2019, email concerning your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request #19-00320-FOIA.

The CDC processes all FOIA requests on a first-in, first-out basis, which is the court-approved method for agencies operating under a backlog. Program staff have completed their search for the records you requested, and your case is currently in this office awaiting final review. Processing time is contingent upon the number of requests ahead of yours and their complexity and volume. We estimate that you will receive a final response to your request on or before August 12, 2109. Please be assured, however, that a response will be sent to you as quickly as possible.

You may check on the status of your case by going to our FOIA webpage at [www2a.cdc.gov/od/foiastatus](http://www2a.cdc.gov/od/foiastatus) and entering your request number. The fiscal year is the first two numbers and the request ID is the second set of numbers. If you have any questions regarding your request, please contact Laura Spencer at 770-488-6290.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Andoh", is positioned below the word "Sincerely,".
